There will be a Youth Rally at the First United Pentecostal Church Friday, Dec. 5 at 7:30 p.m. Special singing will be the main attraction, according to the Pastor, the Rev. Mr. Lane.

## NIXON WARNS

(from page one)  
Both contain controversial provisions, including funds for the Safeguard ABM system in the defense bill and desegregation riders in the Labor-HEW measure.

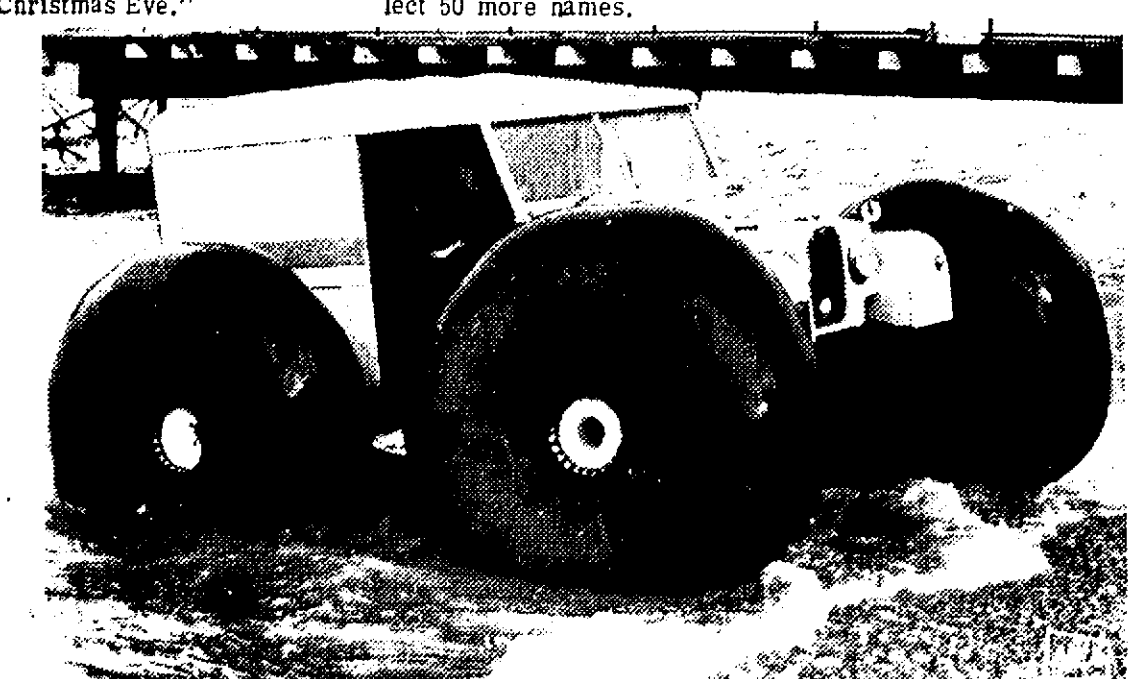

"If we can get reasonable time limitations, they could be done," Mansfield said. "If we can't, it's problematical."

But the Montana Democrat, who suggested earlier this week the possibility of sessions between Christmas and New Year's Day, said he plans to meet early, stay late and have Saturday sessions "to complete the people's business."

Besides the appropriations bills, House Republican Leader Gerald R. Ford said Nixon is considering calling Congress back if there is no movement on his anti-crime proposals.

Mansfield said he hopes for Senate action, but Rep. Emanuel Celler, D-N.Y., chairman of the House Judiciary Committee, said he does not plan to act this year.

Although Mansfield has talked about ending the session Dec. 23, and House leaders have hoped for Dec. 19, Ford said "Under the current circumstances, we will have to be here Christmas Eve."

## Democrats Steal March on Tax Bill

By JOE HALL  
Associated Press Writer  
WASHINGTON (AP) — The Senate voted overwhelmingly today to eliminate from the tax reform bill a provision that would have ended the tax exemption privilege for private foundations after 40 years. Opponents had called the provision "a death sentence" for the foundations.

The action came before the Senate was set to consider adding an amendment to the bill to increase Social Security benefits Jan. 1 by 15 per cent—an action a ranking Republican senator said would increase the chances of a presidential veto of the entire bill.

The Finance Committee had approved the foundation provision after hearing testimony that hundreds of foundations had been set up for tax evasion purposes.

Sen. John O. Pastore, D-R.I., arguing to eliminate the provision, said, "If you keep this you're going to destroy something that is fine and noble in America."

"Don't burn down the barn just to get one mouse," he shouted.

But Sen. Albert Gore, D-Tenn., a principal author of the provision, said the committee had found "the great majority of these foundations were set up for purposes of tax avoidance."

Many of them, he argued pay little or nothing in charitable and educational benefits.

Before the 69-18 vote on the foundations, acting Senate GOP Leader Robert F. Griffin told newsmen he "wouldn't bet against" a presidential veto if the Social Security increase were added to the bill.

Sen. Russell B. Long, D-La., chairman of Finance, said there was no question the Senate would approve the Social Security rider.

Long and Sen. Albert Gore, D-Tenn., chief sponsors of the amendment said they were convinced this procedure was the best way to assure passage of the Social Security boost before the 1969 session ends.

The rider is identical to the Social Security bill approved Wednesday by the House Ways and Means Committee.

Sponsors of that measure hope to get it passed in the House by next Thursday. But they were understood to have agreed it could be handled as an amendment to the tax bill rather than as separate legislation.

The amendment to delete the 40-year limit on the life of foundations was sponsored by Sen. Walter F. Mondale, D-Minn., who said the provision amounted to "a death sentence for all existing private foundations by 2010."

"The 40-year rule makes no distinction between foundations which have made vital contributions to the nation and to our society and those which serve individuals as tax shelters only," he declared.

But Gore, one of the authors of the limitation, answered that "this is no death sentence."

"It is time we put some reasonable limit on this tax exemption," he said.

Long agreed and said that future congresses could extend the life of foundations doing good.

The Senate continued to add to the revenue losses of the massive tax bill Thursday.

It adopted 46-41 an amendment of Sen. George Murphy, R-Calif., to restore full deduction of medical expenses of persons 65 and over and of such expenses paid by children for dependent parents 65 and over.

Since 1965, old persons have had the same deductions in this area as all others.

## This Couple Is in a Paradise That Few Can Find, It Won't Last

By KEN HARTNETT  
Associated Press Writer  
WASHINGTON (AP) — The year before, Martha spent each day yawning and for her husband, Jim, anger was a way of life.

They were in the city then, two struggling artist-radicals—youth, vaguely in love, and talented.

But, he hated the fawning patrons who came to judge and occasionally—only occasionally—buy their paintings. He hated the bills and the bill collectors. He hated the television set and the concrete cubicle that was their apartment.

And, most of all, he hated his job with its formalities and routine.

And she feared the competitiveness of her work against his and feared that his seething anger would sooner or later seize on her. And she also hated the city with its congestion and rules and distractions. So, she yawned and he hated her yawning.

So one day, this past summer, he quit his job. She quit hers. They gathered the possessions they loved, which were few, and packed them into a rented pickup truck and headed for the great forests of the Pacific Northwest.

They found a little cabin by a remote lake. The owner rented it to them for a fraction of what they had been paying in the city and they settled down.

She began baking bread and learned how to clean the trout that he found in the lake. And he began cutting lumber for their wood stove.

He let his hair grow long so that it tumbled down his shoulders and he threw away his razor. His muscles grew hard. He stopped smoking cigarettes.

Their few neighbors let them

seeking Melcher's help to record some songs when Melcher lived in the Tate home in fashionable Bel Air before Miss Tate and her husband moved in, the attorneys said.

Deputy Dist. Atty. Aaron Stovitz said Thursday he would ask the grand jury to indict Manson on a charge of conspiracy to commit murder, and would seek murder and conspiracy indictments against at least five other persons.

It was the first word that Manson, held for trial in Independence, Calif., on charges of possessing stolen property and driving a stolen vehicle, would be a target for prosecution in the slayings.

Shot or stabbed with Miss Tate, 26, at her rented \$200,000 home last Aug. 9 were Hollywood hair stylist Jay Sebring, 35, coffee waitress Abigail Folger, 26, Polish playboy Volkyty Frokowsky, 37, and Steven Parent, 18, a friend of the caretaker.

A wealthy market executive, Leno LaBianca, 44, and his wife Rosemary, 38, were stabbed to death at their Hollywood home the next day.

Miss Atkins' lawyers said she told them that members of Manson's group, who dressed in black for the occasion, committed the Tate slayings, then killed the LaBiancas to prove their nerve. They reported she said Manson was not with them.

Police have said three of the indictment targets are Patricia Krenwinkel, 21, in custody in Mobile, Ala.; Charles D. Watson, 24, jailed in McKinney, Tex.; and Linda Louise Kasabian, 20, arraigned here Thursday. Police said they were arrested on murder warrants in the Tate case and were involved in the LaBianca slayings.

In addition to them and Miss Atkins, the Times said, others against whom prosecutors are expected to seek indictments are Steve Grogan, 18, also known as Clem Tufts, and Leslie Sankston, about 20, a young woman. The newspaper identified them as members of Manson's hippie-style "family."

Stovitz said Miss Atkins, charged with murdering Malibu musician Gary Hinman, with whom Manson is said to have lived for a time, told a cellmate about the Tate and LaBianca killings.

The cellmate—Shelley Joyce Nadell, 31, of nearby North Hollywood, charged with forging prescriptions to obtain narcotics—told Miss Atkins' story to police, Stovitz said.

Wesley Russell, attorney for Mrs. Nadell, said she told him she learned clan members "feared the slayings and the brutal cuttings would help release the souls of the victims."

"They were all on acid and

alone or when they dropped by did so to drop off a grouse or a pheasant. No one seemed to care that they wore their hair long or decorated their home with musty old portraits and pop bottles or that his only job was pumping gas down on the highway when a few dollars could come in handy.

They know it can't last, that sooner or later the population surge will find them, their cash reserves will run out completely or they may even get bored.

But, they don't care about what will happen, only what's happening.

And they say that for now they have found paradise on earth. He isn't angry anymore and she yawns only when she is tired.

## NO MASSACRE (from page one)

caused by the Peers board Thursday night after hours of questioning under oath. He has not been charged in the case.

During a break in his testimony, Medina appeared at a news conference in the Pentagon and denied flatly allegations by some of his former soldiers that he himself had killed a child at the My Lai 4 hamlet and ordered inhabitants of the settlement killed.

With Boston criminal lawyer F. Lee Bailey at his elbow, the 33-year-old captain answered reporters' questions for the first time since the case burst into a world-wide sensation.

Bailey said Medina is not subject to an order issued by the trial judge in Calley's impending court martial and that his client was speaking out because of accusations against him carried in the news media.

The captain, veteran of more than two years service in Vietnam, said:

—He shot a woman, acting instinctively when he thought she was about to attack him with a weapon.

—He had been told by intelligence sources "that there would be no women or children or innocent civilians in the village ... after 0700 hours," a half hour before his company launched a helicopter borne attack.

—The mission of his company and other elements of a task force "was to do combat" with the 48th Viet Cong battalion which he said was reported by intelligence to be in the village.

—He received an order from the operations officer from the task force to make certain no innocent civilians were being killed and that this information was relayed to his platoon commander's radio.

—He saw about 20 to 28 slain civilians apparently killed by artillery, helicopter-mounted weapons and small arms fire, including a "crossfire between the VC and American troops."

Medina complained the news media has been recording only one side, that of the accusers.

—Certain of the men who have voiced accusations about alleged killing of civilians at My Lai were those "I've had certain disciplinary problems with."

Meanwhile, an aide to Sen. Charles H. Percy, R-Ill., said the senator has asked the Pentagon to investigate charges of "indiscriminate killing" of civilians in Vietnam. Percy's aide said the charges were made in a letter to the senator from Anthony Martin-Trigona of Champaign, Ill., who had visited Vietnam as newspaper correspondent.

the more they stabbed the more they enjoyed it," Russell, a former deputy district attorney, said he was told.

Stovitz said Miss Atkins could become one of the prosecutions "principal witnesses" if she waives her privilege against self-incrimination.

Neither she nor any of the other witnesses would be granted immunity, Stovitz said.

In Mobile, an attorney for Miss Krenwinkel asked a circuit judge to free her on grounds no warrant had been issued in Los Angeles when she was taken into custody Monday on a Mobile street.

## \$1 Billion Foreign Aid Cut Possible

WASHINGTON (AP) — Appropriations for the embattled foreign aid program may tumble to a new low point this year, possibly \$1 billion less than the spending ceiling sought by President Nixon.

A House appropriations subcommittee is reported to have whacked the aid measure down to the neighborhood of \$1.6 billion, including deep slashes in major economic aid components.

President Nixon had sought a \$2.6 billion spending ceiling for the over-all program in the year that began last July. The House trimmed that to \$2.19 billion and the administration went to the Senate for help in increasing the money authorization.

One of the major fights looms in the military section of the bill. The subcommittee, headed by Rep. Otto E. Passman, D-La., was said to have added \$54.5 million to finance a squadron of fighter planes for Nationalist China.

The House, in the separate authorization bill, approved authority for the planes but the Senate Foreign Relations Committee, still working on its version of that measure, promptly knocked it out.

The money figures reportedly set by Passman's subcommittee are scheduled for examination by the parent unit next Monday, and possibly the House on Tuesday. He is one of the leading backers of the Nationalist China planes.

A move is expected to be made in the full committee to restore \$50 million for South Korea—a figure said to have been kayoed by the subcommittee.

These deep cuts were reported chopped in the economic aid package by the subcommittee:

—Development loans, for which Nixon asked a \$675.5 million and the House cut back to \$425.5 million, down to \$265 million in actual money. These loans, supposed to be repaid with interest at 2 per cent for a grace period and 3 per cent thereafter must be used to buy U.S. goods and services.

—Alliance for Progress loans for Latin America, reduced to \$200 million from an original \$437.5 million authorization request cut back to \$337.5 million by the House.

—Supporting assistance, used primarily to increase the capability of countries to defend against Communist expansion, set at \$300 million compared with a \$514.6 million authorization request that was pared million by the House.

## Questions Appointment of Eisele

LITTLE ROCK (AP) — The attorney general's office has been asked for an opinion on whether the appointment of G. Thomas Eisele of Little Rock to the University of Arkansas Board of Trustees was legal.

Gov. Winthrop Rockefeller appointed Eisele to the board in March. It was not known on what grounds the appointment was being challenged.

J. R. Best of Lincoln County, father of James R. Best, a former investigator for the state Revenue Department, asked for the opinion.

Mullins said, in a prepared statement, that "such activities must not interfere with the movement or parking of cars."

"Demonstrations will not be permitted on any other part of the campus," he said. "Demonstrations inside the stadium area, which might disrupt a bonafide university function are in violation of university regulations and will not be permitted."

President Nixon is scheduled to attend the game, which is being called college football's Game of the Year.

Texas is ranked No. 1 in the nation and Arkansas is No. 2. The winner will earn the Southwest Conference championship, a spot in the Cotton Bowl opposite Notre Dame and a shot at the national championship.

Mullins also said that "sticks, rods and other supports for signs, placards or banners might constitute a hazard to fans in the stadium because of crowded conditions" and would not be permitted.

## Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer NEW YORK (AP) — With all the criticism of television violence, it is surprising there haven't been more complaints about the way it murders the English language. What's more, the damage usually is premeditated.

Most of the slaughter is done in the interests of comedy or establishing character. While Marshal Dillon and Daniel Boone, two hero types with big audiences of children, are seldom guilty of anything more serious than g-dropping, their comical sidekicks really assault the mother tongue.

Festus of "Gunsmoke" produces a tortured brand of English that in addition to being largely ungrammatical is often almost impossible to understand. Jimmy Dean in Thursday night's "Daniel Boone" was sprinkling "aint" liberally through his sentences and usually used "done" when he meant "did," as in "he done it."

Jim Nabors does some strange things to the language when he drops into his "Gomer Pyle" accents. In the comedy sketch of his variety hour Thursday night he kept calling a window a "win-der" and generally putting the letter r where none exists.

Constant exposure to sloppy speech probably can't really hurt young viewers, or interfere with their development. But it does set a bad example and, most of the time, isn't necessary.

NBC has stoutly maintained that it couldn't be done, but now says it has found a way to reduce some of the frequent, annoying commercial breaks on the Johnny Carson Show. For one thing, after Jan. 1, the show will start with a Carson monologue, not, as now, a sales pitch.

CBS and NBC have managed another collision of specials. On Saturday night, NBC has a 90-minute "Hall of Fame" special, "The Littlest Angel" starting at 7:30 EST. Ann-Margret's special, "From Hollywood, With Love," arrives on CBS at 8:00. The second Ann-Margret special has a very busy star who sings and dances her way through the hour—along freeways, on movie sets, in open fields, on the deck of a ship.

The program does not work as well as her first special last season, probably because everybody was trying so hard to top it. The most interesting segments were the shots on location. Most disappointing was a long comedy sketch with Dean Martin which was neither funny nor smoothly played.

Lucille Ball and Ann-Margret, dressed in fright wigs, sang a bright and amusing novelty song about autograph hunters. The hour is certainly worth a look—if only to catch a glimpse of the star's good-looking clothes. She changed costumes a lot.

### SOCIAL SECURITY FOR WORKING WIVES RE-EXAMINED

Dear Helen: Last year your column carried quite a controversy about how working wives pay into social security, money they may never get back. Wives were urged to write their Congressmen. Better late than never, I finally did—and learned that I will receive only a few dollars more upon retirement than if I had never worked and

paid in, but only collected the amount due me as a non-working wife. The only way I can collect is to become disabled or die early.

It boils down to this: Working wives are penalized. If HEW doesn't feel we should receive social security payments, then it should at least return to us the money paid in over the years.

Dear Mrs. R: A note from Rep. Edward J. Patten says in part:

"Dear Mrs. Bottel: I would like to bring you up to date on the progress that has been made on the bill to provide increased benefits for working wives. The House Ways and Means Committee has started public hearings on a broad Social Security reform bill. I am advocating enactment as a provision within the limits of available funds, it will permit a married couple to get some additional return for the additional taxes paid on the wife's earnings."

If you working wives are interested, a note to your Congressman might help.—H.

Dear Helen: Can a man have too many godchildren? I'm beginning to think so. I am godfather to ten of my brothers' and sisters' children and now my nephew has asked me again. There's no end in sight, what with my god children getting children of their own!

I've been told it's an honor, but considering the offering to the priest, the present to the baby and present for everyone at Christmas and birthdays, this honor is becoming costly!—HONORED

Dear Honored: Let your large family know that godfathers should be younger men. You've been honored quite enough.—H.

Dear Helen: I'm depressed by the attitude of so many American Women. They are headstrong, power hungry, and don't seem to realize it is Nature's normal plan that man should dominate. When a patriarchal household is reversed or interfered with, the "Weak father, strong mother" syndrome results in damaged children.

In no other nation does woman hold as much power or authority as in America, and America has more than the international percentage of homosexuals—SOCIOLOGIST

Dear Sociologist: What's the matter with democracy where each has his or her area of authority, but everyone shares in the big decisions? Or would this threaten your "king" complex?—H.

## Bobcats to Play Host to DeQueen

By RALPH ROSS, Sports Editor

In their 1969-70 home opener, the Hope Bobcats will host the DeQueen Leopards at Jones Field House with preliminary games starting at 7 p.m.

Yerger Junior High's Bobcats have the first game against the DeQueen Leopards, before the Hope Lady Cats try for their first win against their counterpart Leopards.

Local fans who haven't seen the Bobcats thus far tonight will see the most exciting team Hope has had since the last championship years in the early 1960's. The Cats won't necessarily play a fast-running, shoot and holler game, but the talent and desire are there.

Coach John Ross will probably start big John Duxley at center, the lanky 6-6 sophomore still learning the tricks of the trade. Senior Larry Muldrew, himself a shade over 6-5, is becoming more aggressive and scored 12 points at Prescott Tuesday night.

Junior 6-2 Charles Rateliff is also coming into his own at forward after mainly 'B' experience last year, and has averaged 12 points in two games besides pulling down a good share of rebounds.

That leaves the guard spots, where the starters have been junior Parker Powell (5-11) and Tommy Webb (5-0). Neither have been able to pull out a big shooting night so far, but they have to improve with the competition.

Others seeing plenty of action should be soph David Briggs (5-10), 5-11 senior Johnny Johnson, footballers Ronnie Massanelli, Ronny Brown, and Lynn Norton, a 5-11 senior squadman Thomas Norvell.

Add to that the presence of sophs Bill Rowland, James Bradley, Glendon Martin and David Chance, plus Roger Newton, Tim White, Steve Harris, and Tommy Frazier.

All told, this group of Bobcats is young but with high potential, and the 'B' game season should be more valuable than at any other time as everyone gets the feel of playing with different people and getting that game experience.

Coach Johnny McMurry's Bobkittens should be slight favorites over the DeQueen juniors in the 6 p.m. game, as the small but scrappy Yerger team goes for a 1-1 mark with a win.

Last night the Hope Lady Cats ran headon into a powerhouse from Mississippi County High from northeast Arkansas, and Missco ran off with a 63-35 final in the first round of the OBU Invitational at Arkadelphia.

Leading 13-7 at the quarter, Missco ran off a 21-9 margin before the half for a 34-16 lead and had few problems after that. The winners are a perennial state tournament team in Class B, and they should give Ashdown a good test in the semifinals of that tournament.

Dee Singleton led the Lady Cats with 16 points, Belinda East hit 15, and Mary Beth Millican added four. Jan Cox sank 34 and Rhonda Walling 16 for Missco.

So this evening the Hope girls take their 0-3 mark against the DeQueen Leopards in the second game about 7:15 p.m., and this one is rated even fustier.

## Chance of Light Rain for Game

FAYETTEVILLE, Ark. (AP) — The U.S. Weather Bureau forecasts cloudy skies with a chance of a few periods of light rain for the big football game between Texas and Arkansas Saturday at Fayetteville.

Game time temperatures should be in the mid to upper 50s with southerly winds at eight to 16 miles an hour.

## Maryland Handed First Shutout

LA JOLLA, Calif. (AP) — The University of San Francisco handed Maryland its first shutout in four years by beating the easterners 1-0 Thursday night in the NCAA soccer semifinals.

The victory put the Dons, now 15-1-3, into Saturday's championship game against St. Louis, which beat Harvard 2-1 in Thursday night's first semifinal.

## Spring Deal Turns Into Great Setup

By HARRY KING Associated Press Writer

FAYETTEVILLE, Ark. (AP) — One day last spring ABC-TV came up with the idea of telecasting the Arkansas-Texas game on Dec. 6.

Now, as Texas Coach Darrell Royal says, the network looks "wiser than a tree full of owls."

The top-ranked Longhorns and the second-ranked Razorbacks will match 9-0 records Saturday in the game of the year. The winner will earn the Southwest Conference championship, a spot in the Cotton Bowl opposite Notre Dame and a clear shot at the national championship.

The Arkansas-Texas game was originally scheduled for Oct. 18, but ABC didn't want to take the chance of fighting a possible world series game during the afternoon.

A night game was out. Razorback stadium at Fayetteville does not have lights and the lights at War Memorial Stadium in Little Rock are not sufficient for color television.

The network's Roone Arledge then hit upon Dec. 6.

The clincher was that the NCAA would not count the game as a regular season contest, thereby permitting both teams to appear on television twice earlier in the season.

Arkansas Coach Frank Broyles was on the golf course when he received a call from Arledge. Broyles got the approval of Arkansas Athletic Director John Barnhill and then called his close friend, Royal.

Many persons thought both teams would survive the first nine games unblemished but few dreamed they would rank 1-2.

Even a couple of weeks ago, it looked as if Texas would rank second and Arkansas fourth at gametime.

Then, Mississippi wiped out third-ranked Tennessee 38-0 and the Razorbacks advanced to No. 3.

By that time, some persons in the Midwest were calling top-ranked Ohio State the greatest college team ever and asking coach Woody Hayes how he would feel about taking on some of the professional teams.

But, on Nov. 22 an inspired Michigan team pushed the Buckeyes all over the field and scored a 24-12 upset.

As a result, Texas moved to No. 1 and Arkansas to No. 2.

Texas has not lost since James Street took over at quarterback 18 games ago and the Longhorns may very well have been the best team in the nation when they polished off Tennessee in the Cotton Bowl last Jan. 1.

Arkansas has won 15 in a row since dropping a 39-29 decision to Texas in the middle of 1968.

## Hog Cagers To Take on Okla. State

FAYETTEVILLE, Ark. (AP) — The University of Arkansas basketball team will play its first home game of the season here Friday night, taking on Oklahoma State.

Arkansas opened its season Monday night with a loss to Missouri. OSU is 1-0 with a victory over Abilene Christian.

Razorback Coach Duddy Waller said 6-foot-7 Bobby Vint would start at center instead of 6-foot-8 Alton Barnes. Almer Lee, Rick Tanneberger, James Eldridge and Robert McKenzie will join Vint in the starting lineup.

## All Is Set for Game of the Year

FAYETTEVILLE, Ark. (AP) — All is ready for college football's Game of the Year.

The synthetic grass at Fayetteville has been vacuumed. President Nixon has his tickets.

A national television audience estimated at 50 million is waiting.

Texas vs. Arkansas, No. 1 vs. No. 2.

The game pits Texas, averaging more than 44 points a game, against Arkansas, with the best defense in the land against scoring.

The winner earns the Southwest Conference championship, a spot in the Cotton Bowl, opposite Notre Dame and the inside track to the national championship.

The loser goes to the Sugar Bowl in New Orleans and a far less glamorous date with a 7-3 Mississippi team.

Arkansas coach Frank Broyles says Texas' execution of its relative simple offense will be the Razorback's biggest problem.

"What you have to do in defending against the triple option is kill your pursuit," Broyles said. "You must commit a man to each hole, even though you'd rather not. If one man misses, there'll be no help until the ball carrier gets to the safety. And they've got blockers cracking at safety."

And, as Oklahoma found out, the Sooners can pass.

The Sooners massed nine men on the line of scrimmage, jumped off to a 14-0 lead and then succumbed when quarterback James Street began finding split end Cotton Speyrer.

Arkansas, however, has not conceded.

Utilizing the pro-type attack, Arkansas has averaged more than 35 points a game and has not scored less than three touchdowns in any game.

The Arkansas offense blends the running of Bill Burnett and Bruce Maxwell with the passing of quarterback Bill Montgomery.

"Texas is so sound defensively," says Montgomery. "They line up and say, 'Here we are, come after us with anything you've got, we're gonna stop it.' They're such good players, so well-coached, that they don't have to do anything special."

The key to Arkansas' chances may be field position. The Razorbacks can not afford to give the Longhorns a close-in opportunity at a touchdown.

"We don't know how good they are," Broyles said. "We don't know how good we are."

They'll find out Saturday in what should be a fitting climax to college football's 100th year.

## A-State Lands Pair on All Star Team

JONESBORO, Ark. (AP) — Arkansas State University landed two players on The Associated Press Small College All-American team released Thursday and both praised their teammates.

"I think it reflects on our team's success and I certainly feel it's an honor for all of our players," said center Dan Buckley.

"This is the greatest honor I can think of," said defensive tackle Cloyvis Swinney. "I know it couldn't have happened without the help of a lot of other people. I've been fortunate to have other honors, but this one tops them all."

Buckley and Swinney were two of the keys in the Indians' drive to a second straight Southland Conference championship.

Both were honorable mention on The Associated Press Small College All-American team last year.

"Both of them are very worthy of this acclaim," said ASU coach Bennie Ellender. "They're the type of young men we like to associate with being All-Americans in every sense of the word."

"I feel like this is certainly a tribute to the entire team, coaching staff and university," Ellender said. "I know this takes a lot of leg work by other people not associated with this university and I certainly appreciate their efforts."

Buckley and Swinney will display their talents Dec. 13 when the Indians return to the Pecan Bowl at Arlington, Tex., for a meeting with Drake University.

ASU lost to North Dakota State 23-14 in the 1968 Pecan Bowl.

The Indians played a 21-21 tie with Drake earlier in the season.

Atlanta's Hawks Are Soaring

## Atlanta's Hawks Are Soaring

How fast can a bird fly? Well, some Hawks broke through the SuperSonic barrier Thursday night.

Atlanta's soaring Hawk blasted the Seattle SuperSonics with a 23-8 spurt in the final seven minutes for a 119-111 National Basketball Association victory Thursday night.

The victory built the Hawks' Western Division lead over the Chicago Bulls to 3<sup>1</sup>/<sub>2</sub> games.

In the high's only other contest, Phoenix smacked Los Angeles 118-109.

It was in those final seven minutes that Atlanta's favorite running game, which had been stalled to just five fast break baskets until then, began to speed up.

Trailing 103-96 with seven minutes left, the Hawks raced off three straight fast breaks enroute to a 16-3 surge that pushed Atlanta ahead 112-106 with 1:45 left.

Walt Hazzard, who clicked on 13-of-20 from the field, chalked up his highest point total of the season with 32 as he snapped a mild slump that had let him score only 54 points in the previous six games.

Center Bob Rule, who had 24 points to lead Seattle, also pulled down 16 rebounds.

Phoenix put away Los Angeles with a third quarter outburst to record its third straight victory and the sixth straight loss for the slipping Lakers.

The Suns outscored the Lakers 33-19 in that third period on some pinpoint passing by Gail Goodrich and the all-around play of Connie Hawkins.

The Suns' dominance of the boards and a hustling defense helped them build a 30-point lead early in the fourth period. Phoenix outscored Los Angeles overall 57-36.

Hawkins finished with 28 points to lead all scorers. Har Hairston led Los Angeles with 25.

In the American Basketball Association Thursday night, Dallas tripped Indiana 112-103, Kentucky swamped Miami 149-124 and Pittsburgh nipped New Orleans 94-93.

## Ship Leave Shoots for \$50,000-added

Ship Leave, who graduated from the row boat ranks to the luxury liner class of thoroughbred racing, will shoot Saturday for the \$50,000-added Display Handicap, at two miles the nation's longest handicap stakes.

Gustave Ring's 3-year-old brought out of the claiming ranks by trainer Angel Penna to win two stakes, will carry 112 pounds for the Display at Aqueduct.

Meadow Stable's Hydrologist, second to Ship Leave in the Roamer and Callant Fox, will carry 116, and Rowan and Whitney's Quicken Tree, winner of the 1967 Display under 117, will tote 114.

Other probabilities include Red-N-Blue Stable's Tropic King II, 112; Hobau Farm's Harem Lady, and Elmendorf's Oil Power, 111 each, and Sutra Stable's Ghost Mist, 107.

Duc By Right, Rollicking and Dean's Rebel, the 1-2-3 finishers in the Maryland Futurity Thanksgiving Day, head up the field for the Senatorial Stakes for Maryland-breds. Dean's Rebel will wear blinkers for the first time. Other likely starters are Final Rush, Tri Noble, Parasol Pete and Zeb.

Holly Crest Farm's Jaikyl gets highweight of 118 pounds for the Garrison Handicap and is expected to be opposed by L. S. Kimble's Wild Fella, 117; Sarah Hall's Gleaning Sword, 116; H.H. Hecht's Third March, 115, and Vince Mosca's Parkbush, 113.

## Figuring Pro Winners This Week

By JACK HAND

Associated Press Sports Writer NEW YORK (AP) — Who wants it most, the Rams or the Vikings? That's the real story of Sunday's big pro game between the unbeaten Los Angeles Rams and the streaking Minnesota Vikings, both of whom have clinched their division titles.

The Rams and Vikings will do it all over again in Minnesota, Saturday, Dec. 27 with the winner to be host team to the Eastern Conference champ for the National Football League title, Sunday, Jan. 4.

With 11 straight and a chance to go all the way, the Rams will be going to before their home fans. The Vikings, who have won 10 in a row since losing the opener, also have something to prove to the Rams who clobbered them 31-3 last year.

It all adds up to quite a tall game and a toughie to pick.

There are two Saturday games, one each in the NFL and the American Football League.

NFL San Francisco 21, Chicago 13 (Saturday) — The 49ers are well rested since 24-24 tie in Dallas Thanksgiving Day but may be hard pressed to keep Gale Sayers in check. Bears gambling with Virgil Carter at quarterback in hopes of helping move air game. John Brodie's passing gives 49-rs edge.

Minnesota 20, Los Angeles 16 — Too bad both clinched before this one. With Purple Gang vs. Fearsome Foursome, both may go to running game to slow down pass rush. Dedicated Vikings should do it on defense. Could be a field goal duel between Fred Cox and Bruce Gossett.

Dallas 31, Pittsburgh 14 — Cowboys need this one to clinch and Steelers haven't beaten anybody since opening day. Dallas gets Ralph Neely back for last road game. Dallas weak pass defense won't be fatal here.

Baltimore 21, Detroit 20 — Two second place clubs trying to solve something. Lions had four-game win streak snapped by Vikings and may go with Bill

Munson for injured Greg Landry. John Unitas has gimpy knee. Colt offense Vs. Lion defense in a squeaker.

Cleveland 21, Green Bay 14 — Packers have won six in a row from Browns since 1956 but the streak ends here. Cleveland may be looking past Pack to Dec. 28 date in Dallas. Look for Leroy Kelly to have a big day.

New Orleans 19, Atlanta 17 — Saints with a hot hand, winning three in a row and four of their last five. Bill Kilmer and Tom Dempsey too much offense for Falcons with Tommy Nobis lost for season.

Washington 31, Philadelphia 28 — Sonny Jurgensen pitching for the Skins and Tom Woodrue shick ripping up the line for the Eagles. Skins still bitter about interference call that led to 28-28 tie in first game. Eagles have been coming strong and it should be a wild one.

St. Louis 27, New York 21 — Erratic Cards run hot and cold but dismembered Giants 42-17 in first game when St. Louis runners ran wild. Giants' only shot to end seven-game losing streak is for Fran Tarkenton to feast on battered Card secondary.

AFL New York 23, Houston 20 (Saturday) — After Oakland and Kansas City, Jets figure to bounce back with division clincher although Oilers need a win to nail down second playoff spot. Pete Beathard questionable sojets' leaky pass umbrella should be good enough.

Kansas City 28, Buffalo 14 — Despite Bills' strong finish, Chiefs should breeze with strong running game and defense. Len Dawson questionable due to strained left knee but Jackie Kemp has jammed knee and Tom Sherman may open.

Boston 21, San Diego 17 — Much depends on Saturday's Jet-Houston game. If Oilers lose, Pats will be sky high with chance at second place and playoff money, after winning four of last five. Good spot for an upset.

Oakland 30, Cincinnati 17 — Despite Bengals' 31-17 surprise win in first game, Raiders smell that big money now and will be ready for Gino Cook and Co.

Denver 21, Miami 14 — Floyd Little likely to rejoin Broncos. Dolphins still floundering without Bob Griese. Two battered clubs nearing the end of the line.

# Brand Makes All America Grid Team

By HERSCHEL NISSENSEN  
Associated Press Sports Writer  
NEW YORK (AP) — Although their 22-game winning streak was snapped by Michigan in the season's finale, the Ohio State Buckeyes placed three players on the 22-man All-American College Football Team as selected by The Associated Press.

Fullback Jim Otis, middle guard Jim Stillwagon and cornerback Jack Tatum may be the best at their positions in Ohio State's glorious football history.

Three teams each had two representatives on the all-star team—defensive tackle Mike Reid and linebacker Dennis Ontkatz of Penn State, offensive guard Chip Kell and linebacker Steve Kiner of Tennessee and tight end Jim Mandich and defensive back Tom Curtis of Michigan.

One apiece came from top-ranked Texas-offensive tackle Bob McKay—and runner-up Arkansas—center Rodney Brand.

The rest of the offensive unit consists of split end Walker Gillette of Richmond, tackle John Ward of Oklahoma State, quarterback Mike Phipps of Purdue and halfbacks Steve Owens of Oklahoma—the Heisman Trophy-winner and all-time major college rushing champ—and Bob Anderson of Colorado.

Others on defense are ends Jimmy Gunn, Southern California, and Phil Olsen, Utah State; tackle Mike McCoy, Notre Dame; linebacker Don Parish, Stanford, and back Buddy McClinton, Auburn.

Kiner and Ontkatz are the only repeaters while Kell, Stillwagon and Tatum are the only juniors.

Owens wound up his career with 3,867 yards and led the nation this season in rushing and scoring with 358 carries for 1,523 yards and 23 touchdowns. Phipps set all sorts of Big Ten offense records as he completed 169 of 321 passes for 2,527 yards and 23 touchdowns.

Coach Eddie Crowder calls Anderson, who switched from quarterback to halfback after two games, "the most complete football player in the country."

## Aggies Stunned by Louisiana Cage Team

By THE ASSOCIATED PRESS  
Defending champion Texas A&M found out rather quickly Thursday night that it can't live off its 1968 championship laurels in the 1969 Southwest Conference basketball chase.

The Aggies were stunned 73-71 Thursday night by Northwestern Louisiana in A&M's season opener at College Station. A&M led 38-33 at half, but Northwestern tied the score 57-all with seven minutes to play and were never headed after that.

Meanwhile, Texas—picked as the team most likely to succeed the Aggies as champions in a poll conducted by the Lubbock Avalanche-Journal—blasted Alabama 90-63 in the only other non-conference game on the SWC slate.

Texas outscored the Crimson Tide 30-4 in the first eight minutes of the second half to break it open. The Longhorns lead only 39-38 at halftime.

Wayne Doyal pumped in 24 points to pace the Horns. Super sophomore Lynn Howden added 22, Eric Grosecarth had 19 and Sam Bradley 12 for the Longhorns, who are 2-0 for the year.

Oklahoma State is at Arkansas and Northwestern is at Rice tonight in other in-conference games.

## 10 Porkers on List of Star Players

NEW YORK (AP) — Arkansas Center Rodney Brand, a 6-foot-2½, 225-pound senior from Newport, was chosen to the 1969 All-American team selected by The Associated Press.

Arkansas offensive guard Jerry Dossey was named to the second team and linebacker Cliff Powell was selected to the third team. Both are seniors.

The Razorbacks placed seven players on the honorable mention list, including five juniors. The two seniors who received the honor were fullback Bruce Maxwell and defensive halfback Terry Stewart.

The juniors were quarterback Bill Montgomery, split end Chuck Dicus, defensive tackle Rick Kersey, fullback Bill Burnett and defensive end Bruce James.

Brewer Has Lead in the Thomas Meet

By BOB GREEN  
Associated Press Golf Writer

MIAMI, Fla. (AP) — Gay Brewer is playing less now and enjoying it more.

"With the purses as big as they are now, you can afford to take more time off," the pugnacious veteran said Thursday after shooting a course record-matching 65 and taking the first round lead in the \$125,000 Danny Thomas-Diplomat Golf Classic.

Brewer, a nonwinner on the PGA tour for more than two years, held a two stroke lead over Tommy Aaron, R.H. Stikes and rookie Jim Jamieson, tied at 67, going into today's second round on the 6,964-yard, par 72 Diplomat Presidential Golf Club course.

Brewer, a graying, 37-year-old whose last official victory was in the 1967 Masters, has played in only 26 previous events this year, a little more than half, and hasn't been in action for three weeks.

"A \$100,000 year isn't anything any more," he said. "You can afford to take more time off, spend more time with the family. I've been doing it for some time."

"Several others do, too, Jack Nicklaus hardly ever plays more than 20 tournaments. Gary Player is around 16 a year for the last several years."

Brewer—who won the 1967 and 1968 Acan Gopher of the Year titles—unofficial events—was cheerful and relaxed after his remarkable round, but far from overconfident.

"It's the best round I've had since Philadelphia (in mid-summer)," he said. "But you're going to see some good scores. It's a driving course and there will be some good scores each day."

The field of 144 proved him correct. Nine were tied at 68, four under par, including Arnold Palmer, winner of last week's Heritage Golf Classic and the pre-tourney favorite.

## Potency of Pork Passing Depends on 2

By ROBERT HEARD

AUSTIN, Tex. (AP) — The potency of Arkansas' passing attack against No. 1 Texas Saturday will depend a lot on how well Mr. Skinny and Mr. Fat-and-Slow rush the passer.

Mr. Skinny is David Arledge, one of the smallest defensive ends ever to play for a major college team. Arledge is 5-foot 11 and weighs 183 pounds.

Mr. Fat-and-Slow is Bill Ate-sis. Ate-sis is 6-3, weighs 255 and plays defensive end like King Kong.

They got their nicknames from each other.

Arledge depends on speed and finesse to reach the passer.

Ate-sis depends on strength and agility. He lacks Arledge's speed, but not by much. Coach Darrell Royal says he has had "nine solid games for us."

Arledge and Ate-sis work beautifully as a team. Arledge usually gets to the passer first, sometimes hitting him, sometimes making him pull down the ball and scramble.

That's when Ate-sis reaches him, sometimes causing a fumble that Arledge, coming back again, recovers.

Several Texas A&M players heaped praise on the Longhorns after Texas smashed them 49-12. But they said they thought No. 2 Arkansas could pass on Texas.

And that's what worries a lot of Texas fans. Especially those who saw the Texas-Arkansas game in 1965.

No. 2 Arkansas jumped out to a 20-0 lead over No. 1 Texas, fell behind 24-20, then marched down the field in the final minutes on passes to Bobby Crockett, and upset the Longhorns 27-24.

Arkansas quarterback Bill Montgomery has had fine pass blocking all year, and it will be interesting to see how Bob Stan-kovich and Mike Kelson, a pair of 230-pounders, do against Ate-sis and Arledge.

"He's one of the biggest tackles I've faced and he's got good speed and agility for his size," Ate-sis says of Stan-kovich.

And there is another problem. "We're going to have to shut their run out before we can concentrate on their passing attack," Ate-sis said.

"They have a real balanced attack—about 50 per cent running and 50 per cent passing. And they have two fine runners Bill Burnett and Bruce Maxwell to make the running game go."

Ate-sis, is expecting to get doubled-teamed.

"They keep their backs in there usually and double-team with one of them. They'll probably stay on me because of their formation. They're right-handed—they like to come to the right side."

"That's the side they put Maxwell, the fullback, on to block, and Burnett usually goes out for a pass," he said. Ate-sis is left defensive end.

Arledge also praised Kelson. "He is a real big boy, a fine pass blocker."

Arledge seconds the motion on stopping the run first. "Their favorite play is the draw, and that keeps you honest," he said.

The Longhorns will fly to Fort Smith, Ark., today, arriving at 1 p.m. They will take a bus to Fayetteville for a workout, then spend the night at Rogers, Ark.

They will fly home Saturday night, arriving between 7 and 8 p.m.

If they come back victors, they'll really be flying.

**Black Hawks Frustrated by Goalie**

By THE ASSOCIATED PRESS

Goalie Rogatien Vachon frustrated the Chicago Black Hawks with some deft handwork, and helped Montreal take another step closer to New York in the National Hockey League's tight East Division chase.

Vachon turned back 32 shots for his second shutout of the year as the Canadiens beat Chicago 1-0 for their first victory over the Hawks in three games.

It moved Montreal to within two points of idle first place New York.

The setback—only the second in 14 games for Chicago—dropped the Black Hawks a point back of fourth place Detroit, which tied Boston 4-4 in the night's only other activity.

Jacques Lemaire's 65-foot shot, which skimmed along the ice and between goalie Tony Esposito's feet, provided Montreal's only goal late in the second period.

Vachon, meanwhile, came up with several brilliant saves—including a glove-hand stop of a

## Pistol Pete Shooting Again for Bengals

By TED MEIER

Associated Press Sports Writer

Pistol Pete is shooting those baskets down again.

Pete Maravich, the 6-foot-5 All-American from Louisiana State, started his senior year in college basketball LSU by throwing in 43 points Thursday night to lead the Bayou Tigers to a 94-72 victory over Oregon State.

Pistol Pete, the No. 1 scorer in the college game as a sophomore and a junior, put on a dazzling performance that delighted his father, Press Maravich, LSU coach.

"I think he did a great job of playmaking," said his dad. "He threw the ball behind his back, between his legs and around his ears for seven assists. He shot well from the floor and the free throw line."

"Pete's like a light bulb," the elder Maravich added. He sure lit up the court with his 43 last season on 14 field goals and 15-of-19 from the foul line.

The 43 points boosted Pete's career total to 3,329. He needs only 645 more to shatter Oscar Robertson's all-time record career total of 2,973 during the Big O's days at the U. of Cincinnati.

Across the country from Baton Rouge, in Las Cruces, N.M., New Mexico State lived up to its national sixth-place ranking by crushing Wichita State 108-76.

The Aggies, led by 32 points from 6-8 junior Jeff Smith, wiped out a 11-point deficit and won going away from the Shockers.

St. John's of New York, No. 14 and the only other team in the Associated Press pre-season Top Twenty to play, whipped Harvard 73-62 in the Redmen's campus gym in New York.

Manhattan shaded Rhode Island 73-70, Auburn squeezed past Clemson 61-60 and Arizona defeated Weber State 72-68.

In other games, Northwestern Louisiana surprised Texas A&M 73-71, Colorado State U. conquered Montana 100-77, Iowa State overcame Sacramento State 77-61, Minnesota whacked North Dakota 85-71, Nebraska took Augustana, S.D. 77-56, San Francisco downed San Francisco State 71-56 and Dartmouth defeated Vermont 91-73.

Jim Pappin shot after Pappin had broken through the Montreal defense and came in alone. He also halted a Bobby Hull blast from short range late in the final period.

Montreal's goal snapped Esposito's shutout string against his former teammates at 156 minutes, 2 seconds.

Detroit rallied from behind and salvaged a tie on Wayne Connelley's goal with just 1:57 left.

The Bruins had taken a 3-0 lead on Fred Stanfield's 11th goal of the season and John McKenzie's 10th and 11th markers. But the Red Wings chopped it to 3-2 on Frank Mahovlich's first of two goals at 5:57 of the second period and Pete Stenkowski's seventh of the year at 17:45.

However, Ken Hodge scored for the Bruins in the final minute of the second session.

Colonels Did Their Own Handywork

By THE ASSOCIATED PRESS  
The Kentucky Colonels did their own handywork with excellence, then watched Dallas give them a valuable assist in their pursuit of Indiana in the American Basketball Association Thursday night.

The Colonels roared past Miami 149-124 in the first game of a doubleheader at Louisville, before a late Dallas rally chopped down Indiana 112-103 in the nightcap.

That left the Colonels only one game back of pace-setting Pacers in the tight Eastern Division chase.

Pittsburgh edged New Orleans' Western Division leaders 94-93 in the night's only other game.

In the National Basketball Association, Atlanta turned back Seattle 119-111 and Phoenix whipped Los Angeles 119-109.

Louie Dampier and Darel Carrier, Kentucky's one-two punch, each scored 27 points as the Colonels shattered their previous club one-game point total record of 145 set against Denver last month.

Don Sidle scored 30 and Don Freeman 29 for the Floridians.

"I ought to give up duplicate," groaned the Unlucky Expert. "Maybe I ought to give up cards entirely. In fact maybe I should just stay in bed and avoid the chance of a street accident."  
"Don't go that far," we advised. "The roof might fall on you! What is your latest tale of woe about?"  
"Cautious Cal who sat West opened the ace of diamonds against my six-heart contract. I have played enough against Cal to know that he wouldn't open an ace against a slam unless he thought he had another trick in reserve so I decided to go against normal percentage play and play him for the queen of trumps. In line with that plan I dropped the king of diamonds from dummy so that I could win the second diamond in my hand."  
"He was nice enough to lead a second diamond. I won. Played the jack of trumps and finessed. The 10 followed for a second finesse. Then over to dummy with the ace, ace of clubs followed by ruffing the eight of clubs so as to be able to pull the last trump and dummy was good for the rest of the tricks."  
"Perfect play!" we said. "What's so terrible about that?"  
"Somehow or other the contract at every other table was six no-trump. There was nothing to the play since all declarer had to do was to concede a trick to the ace of diamonds and claim his slam. I received the same bottom score I would have had for down one."  
"Don't quit!" we advised. "You played perfectly, although with complete lack of success."

**DOCTOR'S MAILBAG**

**Caesarean Section Need Depends on Many Factors**

By WAYNE G. BRANDSTADT, M.D.

Q—What is the cause of a miscarriage? What effect does it have on a woman?

A—The cause is usually the death of the fetus or a severe displacement of the uterus. With the proper care to prevent excessive loss of blood or an infection, a woman should recover completely within three to six days.

Q—Can a doctor tell whether a woman ever had a baby, even after 20 years?

A—A woman who has had a baby will usually have striae or stretch marks on her abdomen, dark pigmentation around her nipples or scarring of her uterine cervix for the rest of her life. Striae, however, may also be the result of obesity or a large tumor in the abdomen.

Q—What are the advantages and disadvantages of a Caesarean operation? If a child is born by Caesarean section, will all future babies have to be delivered this way?

A—A Caesarean operation must be performed if (1) measurements of the mother indicate a small pelvis, (2) there is evidence that the baby's head is disproportionately large, (3) there is a cancer of the uterine cervix, (4) there are fibroids in the lower part of the uterus, (5) the baby lies transversely in the uterus or (6) the placenta lies across the uterine outlet (placenta previa).

The disadvantages are a greater risk of infecting the uterus and danger that the anesthetic used may interfere with the baby's ability to start breathing.

Whether your next child would have to be delivered by Caesarean section would depend on the reasons for the first operation. Most doctors, however, prefer to do a Caesarean section on a woman who has already had this operation because the uterine scar is inelastic and the uterus may rupture during the contractions of labor.

Q—With both of my deliveries, part of the placenta was retained. How can this be prevented?

A—The retention of a small piece of the placenta is often the cause of a severe hemorrhage. It can usually be prevented by proper technique in delivering the placenta. In any case, the doctor should examine the placenta carefully. If it is not complete, the mother must be watched carefully for evidence of bleeding and, if this occurs, prompt measures for removal of the retained placenta must be taken.

**WORLD ALMANAC FACTS**  
Basketball was developed as an athletic event which could be played during New England's winter months. The World Almanac says the game was devised by James Naismith in December, 1891. Naismith served as a physical education instructor at the International Young Men's Christian Association Training School, now Springfield College, in Massachusetts.

**Air traffic controllers** are employees of the Federal Aviation Administration who give instructions, advice and information to pilots by radio in order to avoid collisions and minimize delays as aircraft fly between airports or in the vicinity of airports. They are stationed at airport control towers to give all pilots within the vicinity weather information and take-off and landing instructions. They must simultaneously control several aircraft, which appear as tiny blips on a radar scope. They talk on the radio first to one and then others of the pilots of these planes, remembering their numbers and their positions in the air, and give each of them different instructions. Controllers often work under great stress. It is not unusual for one of these people to be directing as many as 10 or even 20 or more aircraft at one time. So emotional stability is a great factor in employment qualification.

**After 91 Years, He Sees Doctor**  
SPENCER, W.VA. (AP) - Off Givens of nearby Blue Creek saw a doctor this week, for the first time in his 91 years. Givens' car was bumped in the rear by another car and he was brought to a hospital. For the first time in his life, he said Wednesday, he was examined by a physician, received an inoculation, took his first pill and saw the inside of a hospital. The retired pipeline worker suffered only cuts on his hand and face and was sent home after treatment. July 16, 1945, is generally taken as the beginning of the Atomic Age. On this date, the first man-made atomic explosion occurred in the desert of New Mexico.

## INFIXED

...in the little animal is the inherent, industrious characteristics of self preservation.

A delight to the eye in its graceful movements, but behind its moves, more than the childish eye can see... a desire to keep her bin full of food to guarantee her survival.

We, like the squirrel, must prepare for our future and for those who depend upon us. But human needs reach

beyond food, and house and clothing... beyond the physical and the material. *We are persons, we are*

*spiritual, our concern is for the mind — the soul — the spirit.*

We are social persons whose deeper needs may be satisfied in a church which majors in fellowship and prayer and builds us into a group of good people with *common loyalties to God and things of the spirit.*

Come with me to church.

**You In The Church**  
The Church In You  
— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

**FORGOTTEN** in the excitement over the arrival of UNICEF relief supplies, a starving Biafran child squats in the dust of a dirt road.

**After 91 Years, He Sees Doctor**  
SPENCER, W.VA. (AP) - Off Glens of nearby Blue Creek saw a doctor this week, for the first time in his 91 years.  
Givens' car was bumped in the rear by another car and he was brought to a hospital.  
For the first time in his life, he said Wednesday, he was examined by a physician, received an inoculation, took his first pill and saw the inside of a hospital.  
The retired pipeline worker suffered only cuts on his hand and face and was sent home after treatment.  
July 16, 1945, is generally taken as the beginning of the Atomic Age. On this date, the first man-made atomic explosion occurred in the desert of New Mexico.

**LEGAL NOTICE**  
NOTICE OF COMMISSIONER'S SALE  
NOTICE IS HEREBY GIVEN That in pursuance of the authority and directions contained in the decretal order of the Chancery Court of Hempstead County, Arkansas, made and entered on the 25th day of November, 1969, in a certain cause then pending therein between LANNIE PENNINGTON and VELMA PENNINGTON, HIS WIFE, Plaintiffs, and LUBERTER PENNINGTON YOUNG, FRED PENNINGTON and THE UNKNOWN HEIRS OF FRED PENNINGTON, Defendants, the undersigned as Commissioner of said Court, will offer for sale at public vendue to the highest bidder, at the front door or entrance to the Court House in the City of Hope, in Hempstead County, Arkansas, within the hours for judicial sales, on Monday, December 22, 1969, the following described real estate, to-wit:  
The Northwest Quarter of the Northeast Quarter (NW 1/4 NE 1/4) of Section Eight (8), Township Thirteen (13) South, Range Twenty-five (25) West, EXCEPT six acres described as follows: Commence at the Southwest Corner of said 40 acres and run thence North 6 chains and 33 links, thence East 9 chains and 51 links, thence South 6 chains and 33 links, thence West 9 chains and 51 links to the Point of Beginning, and EXCEPT also 2 acres described as follows: Commence 1 chain and 59 links East of the Northwest corner of said 40 acres and run East 6 chains and 33 links, thence South 3 chains and 10 1/2 links, thence West 6 chains and 33 links, thence North 3 chains and 10 1/2 links to the Point of Beginning, leaving a balance of 32 acres, more or less.  
TERMS OF SALE: On a credit of three months, the purchaser being required to execute a bond as required by law and the decree of said court in said cause with approved security, bearing interest at the rate of six per centum (6 percent) per annum from date of sale until paid, and lien being retained on the premises sold to secure the payment of the purchase money.  
GIVEN under my hand this 25th day of November, 1969, JIM COLE, Commissioner  
Nov. 28, Dec. 5, 1969  
Air traffic controllers are employees of the Federal Aviation Administration who give instructions, advice and information to pilots by radio in order to avoid collisions and minimize delays as aircraft fly between airports or in the vicinity of airports.  
They are stationed at airport control towers to give all pilots within the vicinity weather information and take-off and landing instructions.  
They must simultaneously control several aircraft, which appear as tiny blips on a radar scope. They talk on the radio first to one and then others of the pilots of these planes, remembering their numbers and their positions in the air, and give each of them different instructions.  
Controllers often work under great stress. It is not unusual for one of these people to be directing as many as 10 or even 20 or more aircraft at one time, so emotional stability is a great factor in employment qualification.  
Applicants for positions as air-route or airport traffic controller must be at least 21 years of age and be able to speak clearly and precisely. They enter the field through the competitive federal Civil Service system.  
after passing a rigid physical examination, which they must pass every year. They also are required to pass a test designed to measure their ability to learn, perform the duties of air traffic controller and meet certain experience, training and related requirements.  
U.S. Labor Department Bulletin 1550-101, available through the Superintendent of Documents, Washington, D.C. 20402, at a price of 15 cents, is a source of depth information.

# INFIXED

... in the little animal is the inherent, industrious characteristics of self preservation. A delight to the eye in its graceful movements, but behind its moves, more than the childish eye can see... a desire to keep her bin full of food to guarantee her survival.

We, like the squirrel, must prepare for our future and for those who depend upon us. But human needs reach beyond food, and house and clothing... beyond the physical and the material. *We are persons, we are spiritual, our concern is for the mind — the soul — the spirit.* We are social persons whose deeper needs may be satisfied in a church which majors in fellowship and prayer and builds us into a group of good people with *common loyalties to God and things of the spirit.* Come with me to church.

**You In The Church**  
The Church In You — form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

## After Months U.S., China Are Talking

WASHINGTON (AP) — The Nixon administration has reportedly proposed resumption of U.S.-Red Chinese diplomatic talks after a 22-month lapse.

Ambassador Walter J. Stoessel met briefly Wednesday with a Chinese Communist diplomat in Warsaw after attending a Yugoslav fashion show in Poland's Palace of Culture.

"They had a few words," said State department press officer John King of the meeting. But he refused to say what the diplomats discussed.

Information which became available later appeared to confirm reports that Stoessel approached the Chinese representative with the informal message that the United States is ready to resume the talks as soon as the Chinese are willing.

Ambassadorial talks between Washington and Peking started in 1955 at Geneva but were switched to Warsaw in 1958. The last meeting was held in January 1968.

By 10 a.m. each Saturday the only person on duty was a cashier to receive collections from the carrier boys—"holding the fort" to 4 p.m.

But in honor of our Razorbacks we are cutting it off at noon this Saturday—and we'll ask subscribers' co-operation by setting off early with the carriers, paying either Friday night or Saturday morning—so you won't be interrupted during the game's telecast Saturday afternoon.

## Forecast Is Rain Over Arkansas

By THE ASSOCIATED PRESS  
All conditions are go for Saturday's big football showdown at Fayetteville between Texas and Arkansas — except the weather.

The football forecast calls for cloudy skies with gametime temperatures in the mid to upper 50s. And a 90 per cent chance of rain is expected during the game.

Rain also is expected elsewhere in the state Saturday.

## Judsonia Man Dies in Wreck

SEARCY, Ark. (AP) — State Police report that Howard Drennen, 50, of Judsonia was killed early today in a one-vehicle accident two miles north of Judsonia on Arkansas 157.

Trooper Houston Talley said that the accident occurred when Drennen lost control of his pickup truck on a curve and it overturned, pinning Drennen underneath.

## Young Woman Promises to Tell Who Killed Actress, Six Others

By LINDA DEUTSCH  
Associated Press Writer  
LOS ANGELES (AP) — A young woman, whose attorney pledges she will tell who killed Sharon Tate and six others, testifies before a grand jury today.

Prosecutors are seeking to indict the bearded leader of her hippie-style clan for conspiracy to commit murder.

Attorney Richard Caballero said Thursday night that Susan Denise Atkins, 21, will waive rights against self-incrimination and "tell the grand jury exactly what happened" in a gamble that her voluntary testimony might save her from the gas chamber.

Miss Atkins, charged with murder in a separate case, accompanied members of the clan as they killed Miss Tate, actress-wife of Polish film director Roman Polanski, and the others last summer, Caballero said.

Miss Atkins' attorneys said Melcher was visited by Charles M. Manson, 35, known as the leader of a quasi-religious clan of hippie types who knew Manson as "God" and "Satan".

About 3:30 a.m. Friday, Roy Eugene Smith of Lewisville was driving down Main Street on Highway 29 when the bed of his truck flew up and it clipped several wires before he realized it. The truck is owned by Earl R. Benton of Benton, Ark.

Some oil in the huge truck bed spilled into the street and had to be sanded down by work crews.

What actually made it so bad was the fact that one of the wires clipped was a television cable that serves the area. With the Arkansas-Texas game coming up Saturday this caused many folks in the area to become really alarmed.

Hope Community TV, Inc. issued the following statement Friday morning:

"Hope Community TV, Inc. said that cable facilities were destroyed in an area causing the disruption of service to about 50 homes but service would be restored within a few hours.

"We have our construction crew and engineer from Hot Springs working with Hope technical staff around the clock in order for our cable service to be in operation for the Arkansas-Texas game Saturday," said Kenneth Pindexter, public relations director of the cable service.

Police identified the man as Chamos J. Dersarkissian, about 46. They said he had lived in the building one month.

Dersarkissian was charged with murder, assault with intent to kill and violation of the firearms law.

The dead man, tentatively identified as Nathaniel Brown, was lying at the third-story landing when police entered the building. His body was removed by police 45 minutes before Dersarkissian was captured.

Also among the 18 scheduled witnesses was producer Terry Melcher, 27-year-old son of singer-actress Doris Day. Melcher has declined comment.

## Sniper Kills One, Wounds Another

By A.L. EDMONDS  
Associated Press Writer  
PITTSBURGH (AP) — Police say a man who fired shots from a third-floor window killed one man and wounded another before exchanging fire with police for nearly three hours. He finally was flushed from a rooming house.

The gunman fired sporadically into the street even though police hurled barrage after barrage of tear gas into the building. The man hurled several tear gas canisters back.

Police were summoned to the building, in the city's Hill District, about 10 p.m. Thursday, when firing into the street was reported. Then the battle in heavy snow and subfreezing temperatures began.

At one point, police opened up on the building for 30 seconds with machine guns, rifles, pistols and tear gas. The man withstood the fusillade, however, and continued firing.

In a followup barrage of tear gas, the man's room caught fire. He fled and police made their capture. Police said a hot tear gas canister caused the fire.

Police identified the man as Chamos J. Dersarkissian, about 46. They said he had lived in the building one month.

Dersarkissian was charged with murder, assault with intent to kill and violation of the firearms law.

## No Massacre Seen, Says Commander

By FRED S. HOFFMAN  
Associated Press Writer  
WASHINGTON (AP) — An Army board lined up testimony today from 1st Lt. William L. Calley Jr., charged with mass murdering Vietnamese civilians.

Calley's company commander, Capt. Ernest Medina, told the panel Thursday he did not order any massacre and "I did not see any massacre in My Lai."

Calley, who has not spoken publicly about the incident, was called to testify before a special army panel which is attempting to find out why a field investigation shortly after the alleged massacre in March 1968 came up with a finding that no further action was needed.

The lieutenant is charged with the premeditated murder of at least 109 civilians at the village. Medina, whose Company C included Calley's platoon, was ex-

## Unemployment Rate Takes Sharp Drop

By NEIL GILBRIDE  
AP Labor Writer  
WASHINGTON (AP) — The nation's unemployment rate took its sharpest monthly drop in 10 years in November, declining five-tenths of one per cent to 3.4 per cent of the labor force, the Labor Department said today.

However, most of the sharp drop was accounted for by workers leaving the labor force and "this doesn't really represent a turnaround" in the economic slowdown, a government spokesman said.

The report showed a small rise of 45,000 to a total of 78.7 million employed Americans.

"There is a continued slowdown in employment growth," said Howard Stambler, chief of the Division of Employment Analysis.

The civilian labor force declined 83,000 as many so-called "secondary" workers—teen-agers, women and young men—left the labor force, Stambler said.

The drop in unemployment counterbalanced September's jobless rise of five-tenths of one per cent, which had been the sharpest jump in about 10 years.

## Guernsey School Petitions Circulating

Petitions are being circulated to re-establish the old Guernsey School District, taking it back from Hope District I-A, Supt. James H. Jones of Hope said today.

The Guernsey District joined with the Hope District several years ago.

However, the Hope District has maintained six grades at the Guernsey school and plans to continue to do so, Mr. Jones said. He indicated that so far as he knew the District I-A Board wasn't even aware of the petitions and it has never been mentioned at a Board meet.

So far as The Star could learn the only reason for breaking away from the Hope District was due to crowded conditions at Hope High School. However, there were vague hints of other reasons.

Asked about the petitions Supt. Jones said, "My advice would be not to sign until the public knows the motives and full implications." The petition has to be passed in both Hope and Guernsey districts.

## Woman Killed by Stabbing

MOUNTAIN HOME, Ark. (AP) — Mrs. Obie Ash, 32, of Cotter, whose nude body was found Wednesday night in the floor board of her car, was stabbed eight times and sexually molested, according to an autopsy.

Authorities said the woman's car was parked beside a furniture store in Mountain Home.

## Nixon Warns Congress to Decide on Money Bills Before Christmas

By CARL P. LEUBSDORF  
Associated Press Writer  
WASHINGTON (AP) — Chairman of the House and Senate appropriations committees say Congress can complete work on money bills this year without a post-Christmas special session threatened by President Nixon.

The President, meeting Thursday with Republican congressional leaders, warned he might call a special session for Dec. 26 unless all appropriations bills were acted on.

Congressional leaders had been planning to adjourn the current session before Christmas.

Although only five of the year's 13 regular money bills have cleared Congress, Rep. George H. Mahon, D-Tex., chairman of the House committee, said "I see no serious problem. It's our responsibility to do it and we will."

Sen. Richard B. Russell, D-Ga., chairman of the Senate committee, said later during debate on a continuing resolution to keep federal agencies in operation until Congress adjourns, "I think we will get the bills through before the end of the session."

But the usually optimistic Mike Mansfield, Senate Democratic leader, told a reporter "it's going to be nip and tuck."

The keys, he said, are the \$70 billion defense appropriations bill, scheduled for House action early next week, and the bill covering the departments of labor, and health, education and welfare, scheduled to be marked up by the Senate committee next Tuesday or Wednesday.

## Lions Auction May Reach \$3,700

The Hope Lions Club wound up three nights of fun at its 20 annual Christmas auction held this year in the lobby of The First National Bank of Hope.

When final figures are in the grand total of auction items and contributions may well reach \$3,700. This will provide big bulging baskets of food for 150 families this Christmas time.

If you know a family you think deserving please write a letter to president Paul McCellan, 700 South Elm, or Haskell Jones, KXAR. List names and ages of all children. Tell exactly how family can be located, if they live outside the city and, by all means, sign your name, since the screening committee needs references to confirm the request. All letters should be received by December 15th to be considered.

## 3-Day Truce Announced by Enemy

By GEORGE ESPER  
Associated Press Writer  
SAIGON (AP) — The Viet Cong announced today that its forces would observe Christmas and New Year's truces of three days each, two days longer than those proclaimed Thursday by the Saigon government.

The Viet Cong radio said the Christmas truce would start at 1 a.m. Dec. 24, 12 noon Dec. 23 EST, and end at 1 a.m. Dec. 27. It said the New Year's truce would run from 1 a.m. Dec. 30 to 1 a.m. Jan. 2.

President Nguyen Van Thieu proclaimed 24-hour cease-fires to start at 6 p.m. Christmas Eve and 6 p.m. New Year's Eve. The U.S. Command said American forces would join in the truce proclaimed by Thieu.

The U.S. Command said today it had received reports for the first time in the war that North Vietnamese army officers executed at least a dozen of their soldiers who tried to desert.

In a special memorandum to newsmen, the command said armed guards to prevent desertions were reported accompanying North Vietnamese units infiltrating into the South. Desertion has been a problem in the South Vietnamese army for years.

The U.S. Command said its reports came from three North Vietnamese defectors who escaped last August and September. . . Two of them said they were privates, both born in Ha Tay Province and both with the North Vietnamese army's 3rd Division.

One, 17 years old, arrived in South Vietnam last March. He reported that "a number of men from his battalion deserted in North Vietnam while moving south and that 10 soldiers who attempted to desert were shot by the unit's officers," the U.S. statement said.

The other private, 32, said he arrived in the South last April and that his unit was under guard on the way down because 35 men had deserted.

The third defector, a 16-year-old guerrilla, told interrogators that he saw the bodies of two soldiers who had deserted from their unit near Hue in September and were captured by a North Vietnamese sapper battalion.

"The sapper battalion commander ordered them shot when they refused to return to their unit," the U.S. memorandum said.

The guerrilla "further stated that the North Vietnamese army cadre have increased base areas and on food-gathering missions.

Syrians Free Two Israeli Passengers

ATHENS (AP) — The Syrians today released two Israeli passengers they had been holding since Arab hijackers diverted a Trans World Airlines jetliner to Damascus last August, TWA announced.

A TWA spokesman said the two men would arrive in Athens this afternoon on the hijacked plane. A bomb set off by the Arab commandos shortly after the plane landed in Damascus damaged it heavily, but it has been repaired.

The Israelis are Dr. Schlomo Samueloff, a university professor of physiology, and Salah Muallem, a travel agent. They were among 113 persons aboard the jet the Arab commandos seized Aug. 29 on a flight from Rome to Athens and Tel Aviv.

The Syrians released most of the passengers and the crew the day after the hijacking but kept the two Israeli men and four Israeli women passengers. The Syrians let the women go six days later but never explained why they kept the men.

The pilot of the plane, Capt. Dean Carter, remained in Syria in an attempt to get the men freed.

The United States, several legislators, and such groups as the Air Line Pilots Association, the Red Cross and the International Civil Aviation Organization joined the campaign.
